PROFESSIONAL EXPERIENCE

Full-Stack Developer | 2025 – Present

TimeFree Innovations Inc. – Trans-Phil House, Bagtikan St, corner Chino Roces Ave, Makati

Projects

- **Ticketing System:** Contributed as a backend developer to a ticket management system, enabling users to track requests like pull-out requests for efficient issue resolution. Implemented server-side paging, searching, filtering, and sorting for high-volume data systems.
- **Centralized Communication Monitoring System:** Worked as a backend developer on a centralized platform to monitor and manage communications, enhancing system coordination and oversight.

L2 Junior Software Developer | Sep 2024 – Dec 2024

Simplified Business Consultancy – 407 Jocfer Bldg, Commonwealth, Quezon City

- Specialized in building scalable software solutions using C#, Blazor, and .NET with MVC architecture, including PWAs and responsive UIs with MudBlazor.
- Developed notable projects such as a subscription-based business management system, a franchising solution, and an e-commerce platform.
- Contributed to client presentations and project management, ensuring alignment with business objectives and timely delivery.
- Configured and maintained CI/CD pipelines using GitHub Actions for automated build, test, and deployment workflows.

Junior Developer | Nov 2023 – Sep 2024

Simplified Business Consultancy – 407 Jocfer Bldg, Commonwealth, Quezon City

- Designed and developed efficient full-stack solutions using C#, Blazor, and the .NET Framework
- Delivered a production PWA built on Blazor & .NET Core on Microsoft Azure
